E-ISSN: 2783-2864
P-ISSN: 2717-414X

Shahid Chamran University of Ahvaz

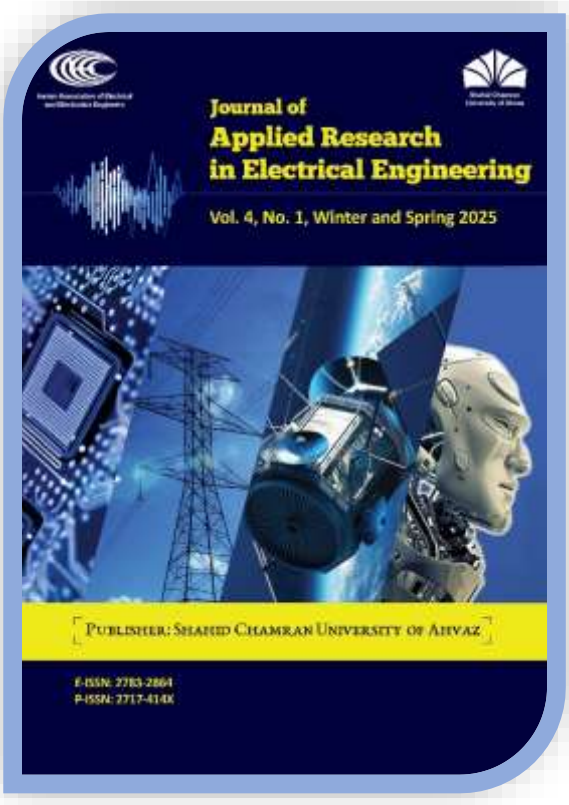

Journal of Applied Research in Electrical Engineering (JAREE), Volume 4, Number 1, Winter and Spring 2025

Publisher: Shahid Chamran University of Ahvaz, Iran

This magazine is the result of a formal partnership of **Shahid Chamran University of Ahvaz** and **Iranian Association of Electrical and Electronics Engineers**

Website: https://jaree.scu.ac.ir

E-mails: jaree@scu.ac.ir; jaree.scu@gmail.com

Address: **Department of Electrical Engineering, Faculty of Engineering, Shahid Chamran University of Ahvaz, Golestan Street, Ahvaz, Iran**
P.O. Box: **61357-85311**
Tel: **+986133226782, +989122876375**
Fax: **+986133226597**

Managing Committee and Staff

Editor-in-Chief

Prof. Mahmood Joorabian
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Power System Planning, Renewable Energy and Smart Grid, FACTS Devises
mjoorabian@scu.ac.ir

Director-in-Charge

Prof. Seyed Ghodratolah Seifossadat
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Power System Protection, Power Electronics, Power Quality
seifossadat@yahoo.com

Managing Editor

Dr. Alireza Saffarian (Associate Professor)
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Power System Protection, Power System Stability, Power Quality, Distribution Systems
a.saffarian@scu.ac.ir

Executive Assistant

Dr. Hossein Farzin (Associate Professor)
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Reliability of Power Systems, Microgrids and Distributed Energy Sources, Smart Grids
farzin@scu.ac.ir

Associate Editor
(Electronics and Telecommunications)

Prof. Yousef Seifi Kavian
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Digital Circuits and Systems, Communication Networks and Distributed Systems
y.s.kavian@scu.ac.ir

Associate Editor
(Power and Control)

Prof. Mohsen Saniei
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Power System Dynamics, High Voltage Engineering, Electricity Market, Microgrid
m.saniei@scu.ac.ir

Language Editor

Majid Sadeghzadeh Hemayati
English Language Editing

m_s_hemayati@yahoo.com

Page Designer

Mehdi Mohammadian Mehr
Shahid Chamran University of Ahvaz, Ahvaz, Iran

eng.mohammadianmehr@gmail.com

Executive Director

Masoomeh Shaygan
Shahid Chamran University of Ahvaz, Ahvaz, Iran

masoomeh.shaygan@gmail.com

Editorial Board

Prof. Mahmood Joorabian
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Power System Planning, Renewable Energy and Smart Grid, FACTS Devises
mjoorabian@scu.ac.ir

Prof. Seyed Ghodratolah Seifossadat
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Power System Protection, Power Electronics, Power Quality
seifossadat@yahoo.com

Prof. Saeedallah Mortazavi
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Intelligent Control Systems, Power System Control, Automation, Fuzzy Logic, Neural Networks
mortazavi_s@scu.ac.ir

Prof. Abdolnabi Kosarian
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Solid State Electronic Devices, Solar Cell Fabrication Technology
a.kosarian@scu.ac.ir

Prof. Ebrahim Farshidi
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Analog and Digital Integrated Circuits, Data Converters, Microelectronics
farshidi@scu.ac.ir

Prof. Naser Pariz
Ferdowsi University of Mashhad, Mashhad, Iran

Nonlinear Control, Hybrid Systems, Aeronautics, Industrial Control, Applied Mathematics
n-pariz@um.ac.ir

Prof. Yousef Seifi Kavian
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Digital Circuits and Systems, Communication Networks and Distributed Systems
y.s.kavian@scu.ac.ir

Prof. Mohsen Saniei
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Power System Dynamics, High Voltage Engineering, Electricity Market, Microgrid
m.saniei@scu.ac.ir

Prof. Reza Ghaderi
Shahid Baheshti University, Tehran, Iran

Control Theory, System Identification, Control Systems, Fuzzy Engineering
r_ghaderi@sbu.ac.ir

Dr. Edris Pouresmaeil (Associate Professor)
Aalto University, Espoo, Finland

Integration of Renewable Energies into the Power Grid
edris.pouresmaeil@aalto.fi

Prof. Abbas Zarifkar
Shiraz University, Shiraz, Iran

Optical Electronics
zarifkar@shirazu.ac.ir

Prof. Fushuan Wen
Tallinn University of Technology, Tallinn, Estonia

Power Systems and Power Economics
fushuan.wen@taltech.ee

Prof. Majid Sanaye-pasand
University of Tehran, Tehran, Iran

Power Systems Protection, Digital Protective Relays, Power Systems Automation, Power System Transients
msanaye@ut.ac.ir

Prof. Zabih (Fary) Ghassemlooy
North Umbria University, Newcastle upon Tyne, United Kingdom

Optical Communications, Visible Light, Communication Systems
z.ghassemlooy@northumbria.ac.uk

Prof. Mahdi Tavakoli
University of Alberta, Alberta, Canada

Robotics and Telerobotics, Haptics and Teleoperation Control, Surgical and Therapeutic Robotics, Image-Guided Surgery
mahdi.tavakoli@ualberta.ca

Prof. Mohamad Hassan Modir Shanechi
Illinois Institute of Technology, Chicago, USA

Nonlinear and intelligent systems, Power system dynamics and security, Power system planning and maintenance scheduling
shanechi@iit.edu

Prof. Mohammad Shahidehpour
Illinois Institute of Technology, Chicago, USA

Power Systems, Microgrids, Power System Operation, Power System Planning
ms@iit.edu

Prof. Gholamreza Akbarizadeh
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Image Processing, Machine Vision, SAR Satellite Imaging Systems and Remote Sensing, Machine Learning and Deep Learning
g.akbari@scu.ac.ir

Prof. Mohammad Soroosh
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Photonic Crystals, Optoelectronics, Plasmonic Devices, Graphene, Photodetectors
m.soroosh@scu.ac.ir

Dr. Alireza Saffarian (Associate Professor)
Shahid Chamran University of Ahvaz, Ahvaz, Iran

Power System Protection, Power System Stability, Power Quality, Distribution Systems
a.saffarian@scu.ac.ir

About Journal

Journal of Applied Research in Electrical Engineering (J. Appl. Res. Electr. Eng.) is a single-blind peer-reviewed, open access and free of charge international journal published by Shahid Chamran University of Ahvaz in cooperation with Iranian Association of Electrical and Electronics Engineers (IAEEE). The JAREE is a medium for global academics to exchange and spread the latest discoveries and advances in their applied research in electrical engineering. The JAREE aims at presenting important results of analytical, computational and experimental works within all specialized fields of electrical engineering (electronics, power, control and telecommunications). It welcomes high quality original research papers from contributors throughout the world. All papers are subject to a peer reviewing procedure. Submission, processing and publication of the papers in JAREE is free of charge.

Types of accepted papers include:

- **Research articles**
- **Review articles**
- **Applied articles**

Research papers are expected to present innovative solutions, novel concepts, or creative ideas that can help to address existing or emerging technical challenges in electrical engineering.

Application papers are expected to share valuable industry experiences on dealing with challenging technical issues, developing/adopting new standards, applying new technologies or solving complex problems. JAREE welcomes application papers that can have a significant impact on industry practices in the coming years.

Review papers are expected to provide insightful and expert reviews, tutorials, or study cases on an important, timely and widely-interested topic in electrical engineering.

All researchers in the fields of electrical science are invited to publish their scientific and research achievements in this journal. Interested authors can submit their manuscripts in the journal's website. More information is available in the website on how to prepare and submit the manuscripts.

Amis and Scope

The *Journal of Applied Research in Electrical Engineering* aims to provide a medium for dissemination of innovative and consequential papers that present analytical, computational and experimental works within all specialized fields of electrical engineering (electronics, power, control and telecommunications). The scope of the journal includes, but is not limited to, the following topic areas:

Electronics:

- **Optical electronics, photonics and solar cells**
- **Integrated analog circuits and mixed signals**
- **Integrated radio frequency circuits**
- **Digital electronics (VLSI)**
- **Semiconductor devices**
- **Sensor technology**

Power:

- **Dynamics and stability of the power systems**
- **Power system protection**
- **Electric power quality**
- **Operation and planning of the power systems**
- **High voltage insulation technology**
- **Flexible AC Transmission Systems (FACTS)**
- **Electric power distribution systems**
- **Smart grids, micro-grids, renewable energies and distributed generation**
- **Reliability of electrical energy systems**
- **Energy management and electricity market**
- **Electric machines and transformers**
- **Power electronic and electric drives**

Control:

- **Linear and non-linear control systems**
- **Adaptive, optimal and stochastic control**
- **Fuzzy systems, neural networks and intelligent control**
- **Robotic and mechatronic**
- **Modeling, Identification and optimization of systems**
- **Guidance and navigation systems**
- **Automation, industrial control and instrumentation**

Telecommunications:

- **Signal and image processing**
- **Wireless and cellular communication systems**
- **Telecommunication networks**
- **Radar and sonar**
- **Information theory and coding**
- **Cognitive radio**
- **Antenna design**
- **Microwave devices**
- **Wave propagation and electromagnetic compatibility**

Guide for Authors

How to submit a manuscript

For the initial submission, the authors have to just send the main manuscript file and the signed Copyright Form of the journal. While preparing manuscripts for initial submission, authors are kindly requested to follow the guidelines, described below:

- **The manuscript should be written in a Microsoft Word file (.doc or .docx).**
- **The file should include text (preferably in 10 points, "Times New Roman" font) and all figures (figures can be placed within the text at the appropriate point or at the end of the text).**
- **The manuscript pages should be prepared either using a double-column single-line spacing layout or a single-column double-line spacing layout. A margin of at least 1.5 cm on each side is required.**
- **All papers should be composed of Title, Author Name, Affiliation, Corresponding author email, Abstract, Keywords, Body, and References.**
- **The manuscript should be written in good English. It should have been carefully checked for clarity, conciseness, the correctness of grammar, and typographical errors.**
- **The corresponding author should sign the journal copyright form on behalf of any and all co-authors and upload it to the Journal's Submission System when submitting the manuscript. The journal copyright form can be downloaded from here.**
- **The corresponding author can use the JAREE Template for Cover Letter as a default text for the cover letter when submitting the manuscript.**
- **It is recommended that the title of the paper does not contain abbreviations or formulae.**
- **The abbreviations used in the abstract should be introduced both in the abstract and again on first use in the body.**
- **References should be numbered in the order they are mentioned in the text.**

Manuscript Submission

Submission to this journal proceeds totally online and you will be guided stepwise through the creation and uploading of your files. All correspondence, including notification of the Editor's decision and requests for revision, takes place by e-mail. To submit your manuscript, click on the Submit Manuscript link on the journal's homepage. Then, click on Register to create an author account. A message is sent to your email address containing your username and password. Then, login to the Journal's Submission System at the User's login page using the username and password to submit your new manuscript. Once you have logged in, you can change your password by clicking on the My Home link at the top menu.

Copyright and Open Access License

An author submitting a paper should ensure that he or she has the right to submit the paper to JAREE and that it contains nothing defamatory. The JAREE will assume that all co-authors have agreed to the submission of any paper received. The corresponding author should sign the journal copyright form on behalf of any and all co-authors and upload it to the Journal's Submission System when submitting the manuscript.

Contents

Article Title and Authors	Page No.
A Hybrid Technique Combining Robust and DNN for Thyroid Disease Prediction on Imbalanced Dataset Elahe Moradi	**1**
An Algorithm for Determining the Desirability of the Amount of Transient Limiting Reactors in Shunt Capacitor Banks Sadegh Rekabeslami Zadeh, Gholamali Torabi, Sasan Najafi Birgani, Mehdi Enayat Zare, Mostafa Sarlak	**11**
Deep Learning based Underwater Object Detection and Recognition for Multi-Robot Systems Valimohammad Nazarzehi Had, Zobeir Raisi	**24**
A Review on Blockchain-based Gaming: Existing Insights, Deficits, and Emerging Avenues Patikiri Arachchige Don Shehan Nilmantha Wijesekara	**34**
Performance Evaluation of a PV-Based Multilevel Inverter with Improved THD and Efficiency Parimalasundar Ezhilvannan, Kumar Reddy Cheepati, Suresh Krishnan	**56**
Power Resource Allocation in Downlink NOMA Systems Using Joint Sum-Rate and Bit-Error-Rate Optimization Mohammad Hasheminejad, Mohsen Sheikh-Hosseini	**69**
Constrained MIMO Reference-Based Offline Steady–State (RBOSS) NMPC for PMSM using Voltage Source Inverter Stephen Ofori, Francis Boafo Effah, Daniel Opoku	**76**
Compact Two-Stage CMOS Operational Amplifier with Enhanced Gain and Bandwidth via Cascode and Negative Capacitance Techniques MohammadMehdi Derakhshannia, Mohsen Shakiba, Maryam Shakiba	**86**
Texture Classification Using Deep Learning and Enhanced Local Binary Pattern Behzad Abbasi, Majid Ghandchi, Sirous Tannaz, Javad Ostadieh, Saeed Barghandan	**94**
Enhancing Integration of Advanced Power Control Strategies for High-Penetration Photovoltaic System in Power Grid Naveen Kumar Bind, Anil Kumar	**106**
Comparative Analysis of Various Optimization Techniques for Battery Management Systems in Electrical Vehicles Mohammad Junaid Khan, Ram Murat Singh, Md Naqui Akhtar, Asyraf Afthanorhan	**122**
Optimal Energy Management in Solar-powered Battery-Ultracapacitor Hybrid Electric Vehicles: Leveraging ANN-HDKR for Tilt Angle Optimization Shraddha Kaushik, Kunamneni Rachnanjali	**137**
